**MEDIUMS.** A good medium always materializes in a satisfactory manner. The HYDE PARK TIMES is as good a medium for advertisers as can be found. No town in New England is more compactly settled than Hyde Park. It has a population of 10,000. Its people are intelligent. They buy and read the TIMES because it is the only local newspaper that attempts and does make a complete record of Hyde Park news—of local history, in fact.

**SPASMODIC** and irregular advertising is like spasmodic and irregular eating. If you want to be healthy, you must eat meat regularly, as meat to-day will not serve you to-morrow. To be well and hearty eat at every meal time, to be prosperous in business advertise regularly. Stop one and you starve and die. Stop the other and your business takes consumption and dies also. **EVERY BUSINESS MAN** should write and place his advertisements in a way calculated to reach and impress the people with whom he desires to do business. Money spent in advertising in a paper which does not circulate in the homes of the people you desire to trade with is practically thrown away. The medium which goes into the homes of the people who must buy your goods is the HYDE PARK TIMES.

**HOME WITHOUT A NEWSPAPER.** “What is home without a newspaper?” A home without a newspaper is no home at all. It is a kind of dreary den—a rendezvous of bedbugs and fleas, where the inhabitants live in blissful ignorance of what the world is doing. It is inhabited by a class who never find out that a thing happened until long after every one else has forgotten it. A \$1.50 subscription to the HYDE PARK TIMES would prevent all this.

## HOUSE LOTS FOR SALE.

On Providence Railroad, within city limits, at Boylston Station, Jamaica Plain, Mt. Hope Station, Roslindale Station, Clarendon Hills Station, Hazelwood Station, and in Hyde Park, on the New England Railroad and the Old Colony Railroad. Prices from two to fifty cents per foot. All within easy access of the above-named stations. Fares are the lowest in Boston, being only five cents to Jamaica Plain and ten cents to Hyde Park. Investigation will prove that it pays to be your own landlord. Build a house instead of paying rent, thereby making a saving of fifty per cent, besides acquiring habits of economy, and establishing your family in a permanent home. Money invested in savings banks or bonds will pay three or four per cent; money invested in houses will pay eight or ten per cent.

Land sold on monthly instalments. Plans and specifications will be furnished. Lots from \$100 upwards, on instalments of \$10 per month. None of the lots offered are in the woods, but on good streets in settled communities, those in Jamaica Plain being especially desirable, as they are not two minutes from the business centre.

MONEY ADVANCED TO BUILDERS. After the land is paid for the company will either loan the money to assist the purchaser to build his house, or use its influence to obtain loans for such purpose.

If you have a little money, and want to own a home, do not hesitate to call. Can sell or build small houses on payment of \$100, balance on instalments, at six per cent interest.
